

Health Insurance Marketplace Opens October 1, 2013 Learn Your Options **Today**

Beginning January 1, 2014, individuals are required to have health insurance coverage or pay a penalty to the IRS. In order to make coverage more affordable, federal subsidies will be available for the first time to qualifying individuals. Most individuals don't realize they are eligible for a subsidy.

Our local certified and trained professionals will help you understand your health options and can help enroll you in a plan. And best of all, there is no cost to you for any of these services.

HOW CAN WE HELP?

Most individuals will need assistance understanding their options and managing the application process within the new Marketplace. That is where we can help. Our professionals can help answer questions such as:

- Am I eligible for a federal subsidy?
- How do I avoid penalties?
- Will I qualify for lower costs on monthly premiums?
- What coverage is right for me?
